

Product Data Sheet

Root Barrier

Grey2Green's loose laid LDPE (low density polythylene) sheet that protects the waterproofing membrane against any potential damage from roots that may grow through.

Material	Modified low density polythylene (LDPE)
Dimensions	25 x (6 or 8)m
Thickness	0.8mm
Weight	475 / 760 g/m ²
Puncture Force	58.2kg
Elongation at break	660%
Tensile at break	27.6Mpa
